

## CEA Accreditation Kick Off

11 September 2015

All should be completed by Aug 2017.

Application for eligibility → Workshop → Self-study plan → Self study report (where we are now)

Document compliance with good practices reflected in the CEA standards, and establishes durable system for continuous reviews and improvement.

All campuses where ESL is taught at SLCC: TRR, SCC, WVC

Whatever we determine needs to be done to improve our program during the self-study process should be implemented immediately even while self-study is ongoing.

Subcommittee steps:

1. Understand the standard
2. identify site's procedures and practices that pertain to the standard
3. evaluate program or institution with respect to the standard and establish recommendations for improvement

### CURRICULUM STANDARD 1

*The curriculum is consistent with the mission of the program or language institution, appropriate to achieve the organization's goals and meet assessed student needs, and available in writing.*

### CURRICULUM STANDARD 2

*Course goals, course objectives, and student learning outcomes are written, appropriate for the curriculum, and aligned with each other. The student learning outcomes within the curriculum represent significant progress or accomplishment.*

### CURRICULUM STANDARD 3

*The instructional materials and methodologies are appropriate and contribute to the mastery of course objectives.*
